Copper Hawk Natural Animal First Aid is a petrolatum-based infusion of 5 naturally occurring botanical extracts. Individually these traditionally-used herbs have been seen to accompany accelerated healing of affected skin such as wounds, burns, ulcers and support hair regrowth.

Copper Hawk Natural Animal First Aid incorporates the following botanical extracts:

1. **Centella Asiatica** (*Gotu Kola*)
In vitro stimulation of collagen synthesis and free radical scavenging activity ^a
2. **Plantago Major** (*Common Plantain*)
Acceleration of wound healing in animal model ^{c,e}
3. **Scrophularia Nodosa** (*Figwort*)
Anti-inflammatory activity in animal model ^f
4. **Achillea Millefolium** (*Yarrow*)
Anti-inflammatory activity ^g
5. **Pau D'Arco** (*Tabebuia impetiginosa*)
In vitro antimicrobial activity ^d

Individually these herbs have anti-inflammatory^f, anti-oxidant^a and anti-bacterial^d behaviour known to accompany accelerated wound healing.^{a,b,c,f}

How to apply Copper Hawk Natural Animal First Aid

Copper Hawk Natural Animal First Aid can be used on feline, canine and equine animals

Apply to the affected area a minimum of once daily. Consult with your veterinary surgeon for the most appropriate application regime.
